Name :

First Semester B.Sc. Degree Examination, June 2022

First Degree Programme under CBCSS

Zoology

Core Course I

ZO 1141 : ANIMAL DIVERSITY – I

(2019 Admission)

Time : 3 Hours

Max. Marks : 80

- I. Answer **all** questions in **one** or **two** sentences. **Each** question carries **1** mark.
- 1. What is ICZN? Mention its role?
- 2. What are Trichocysts?
- 3. What is Bilateria?
- 4. Explain Evisceration.
- 5. What are cnidocytes?
- 6. What is tube feet?
- 7. Describe extra intestinal migration.
- 8. Write the scientific name of the insect pest attacking paddy.
- 9. What is holozoic nutrition.
- 10. Explain metagenesis.

(10 × 1 = 10 Marks)

P.T.O.

N - 4022

- II. Answer any **eight** questions. **Each** question carries **2** marks and answers should not exceed **one** paragraph)
- 11. State the Law of Priority
- 12. Give a brief account on the food vacuole in Paramecium.
- 13. Differentiate Polyp and Medusa.
- 14. Explain sexual dimorphism in Schistosoma.
- 15. Write short notes on *Echinus*.
- 16. Differentiate between Protostomia and beuterostomia.
- 17. Explain the blood feeding adaptations of *Hirudinaria*.
- 18. Illustrate parasitic castration with an example.
- 19. Enlist the role of *Peripatus* as a connecting link.
- 20. Briefly describe the economic importance of Perna.
- 21. Describe the salient features of class Merostomata with an example.
- 22. Give a brief account on Sepia.

(8 × 2 = 16 Marks)

- III. Answer any **six**. (**Each** question carries **4** marks; each answer should not exceed **120** words)
- 23. Explain the life cycle and pathogenicity of Ascaris.
- 24. Describe the Principles of Nomenclature.
- 25. Give an account on the morphology, life history and pathogenicity of *Entamoeba histolytica*.
- 26. What are corals? Comment on its significance.

- 27. Comment on the different types of mosquitoes and their life cycle.
- 28. Give an account on the pests of coconut.
- 29. Explain the water vascular system in Asteroidea.
- 30. Describe the medusa of Obelia with the help of a diagram.
- 31. Explain the external morphology of *Neries*.

$(6 \times 4 = 24 \text{ Marks})$

- IV. Answer any two questions. Each question carries 15 marks.
- 32. Explain the morphology, life cycle and pathogenicity and prophylaxis of *Plasmodium vivax*.
- 33. Citing relevant examples explain the outline classification of Phylum Porifera.
- 34. Describe the structure and functions of Penaeus appendages with suitable diagrams.
- 35. What are the salient features of Phylum Mollusca. Explain the economic importance of molluscs.

(2 × 15 = 30 Marks)
